

REQUEST FOR SPEAKERS PROPOSAL

The Southeastern Connecticut Women's Network accepts proposals for speakers throughout the year. Priority is given to topics that are appropriate for a broad audience of diverse business and personal interests. Very specific topics only appropriate for a small percentage of the audience are not typically considered.

Typically the Program Committee schedules programs at least three months in advance. Past topics have included: branding, marketing, social media, balancing personal and professional lives, fitting in fitness, simplifying your life, career change, setting personal and career goals, resolutions, and women's health.

All proposals should contain:

- Speakers name and contact info
- Current Membership status of the SECT Women's Network
- Business Name and Speaker's Title
- Brief abstract/overview
- Resume for public speaking engagements
- References for presentations that the person has done (with contact information)

All questions should be directed to:

Vice President

PO Box 921

Groton, CT 06340-0921

vicepresident@sectwomensnetwork.org

The proposal may be a hardcopy or an electronic copy.

This Request in no way obligates the SECT Women's Network to award a speaking engagement, nor does it commit Network to pay any costs incurred in the preparation and submission of a proposal.

The Network will judge on the best value presented, and reserves the right to award this proposal based on the initial evaluation of offers received.
